Parlor Concert.

Last evening at the residence of Rev. C. M. Alford, of the Third Presbyterian church on Eoff street, South Side, a parlor concert was given by the ladies' reading circle of the church, at which an attractive programme was rendered in excellent style before a delighted audience.

The First in Wheeling.

Mr. Harry W. McClure has bought for a driving house for Mrs. McClure the first genuine English hackney horse ever brought to Wheeling, and it will arrive from Toronto, Can., to-day or tomorrow. His sire was St. Elmo, Sir E. Arnold's \$15,000 stallion, and for form and action it is said he has secured a prize before.

Mozart or Wheeling Park.

A strong effort is being made by a number of the retail grocers of the city, particularly those on the South Side, to have this year's grocers' protective association picnic take place at Mozart Park. If this movement succeeds it will be a change from past custom, as all the picnics have taken place at Wheeling Park. The committee in charge of the matter will, it is said, probably decide on Mozart.

A Literary Event.

Yesterday afternoon the Longfellow literary society, of the grammar department of Ritchie school, held a literary meeting at which an admirable programme, consisting of recitations, essays and music was carried out before an admiring audience. There were a number of visitors present who enjoyed the meeting not less than the members of the society.

Swans Caught in the Snow.

A gentleman who came down from Irondale, O., yesterday reports that in a severe snow storm there the day before a flock of wild swans flying north was driven to earth. One was shot and four caught alive at Irondale, and six were caught afterwards a mile from there. The engineer of a Cleveland & Pittsburgh local train stopped and caught one of the birds. They measured 6 1/2 to 7 feet from tip to tip and were as tame as pets. Some Cleveland gentlemen bought all but one of them, which was kept by its captor.

Building Notes.

Charles Eisenach is building a fine residence for Albert Fent at Echo Point.

William Schue, of the Island, is building a frame residence on his property there.

Contractor A. H. Sisson is erecting an addition to Dr. Ballard's residence, at Sixteenth and Eoff streets.

Mrs. Balzer is having the capacity of her brewery at the head of Twenty-sixth street, South Side, enlarged by the erection of a large frame addition. Karges Brothers have the contract.

William Rorron, of the Schoenmaker gymnasium company, of Akron, Ohio, arrived in the city yesterday and will commence work on putting in the new alleys at Wheeling Park next Monday morning. They will be completed late next week, it is thought.

Caravan to Columbus.

A new star has been discovered by Columbus, the astute astronomer. The baby is born, and his name is not Dennis, Alladdin. This is the announcement that has gone broadcast throughout the land, and a goodly number of nobles from the oasis at Wheeling will embrace the opportunity and join the caravan which leaves here this morning via the Baltimore & Ohio railroad for Columbus to take part in the opening of the new temple.

Among those going from Ogira temple are: C. Stevenson, Thomas Rankin, E. E. Baldwin, John Rankin, Clark Hamilton, Frank Stamm, Clay Bean, Conrad Hirsch and William C. Glaser.

The Wheeling Shriners who made the pilgrimage to Huntington returned on the Ohio River railway yesterday afternoon, and all were loud in expressions of praise of the entertainment they received at the hands of the Shriners there. A class of thirty-two candidates, second largest in the history of Ogira temple, was initiated Thursday night, and the fun was fast and furious.

Yesterday a number of Wheeling Elks went up to Pittsburgh to take in the annual benefit of the lodge there, which was preceded by a parade. The biggest time yet was reported. Sam Brubaker, Frank Stamm, E. M. Stadler, T. S. Tappan, Dr. L. N. Reeler and others were in the Wheeling delegation.

Was She Lot's Wife?

Was the Petrified Woman Lot's wife? was the query sent in to us yesterday? Well, we don't know, but do know that lots of people go to see her.

REPUBLICANS WIN.

Mock Legislature's Interesting Session Last Night.

The mock legislature met in its hall in the I. O. O. F. building last evening at 8 o'clock. Quite a crowd was present, and a greater number of members than usual. The question was the resolution offered two weeks ago and not finished at the last session:

Resolved, That the best interests of the country demand the return of the Republican party to power.

The debate was opened by Mr. Muegge, (Dem.), followed by Capt. Thomas Davidson, (Rep.), who made a convincing argument in favor of the resolution. Mr. Martin and Speaker Campbell also spoke eloquently and persuasively. Mr. Jones and H. C. Richards, (Dem.), spoke against the resolution. The resolution was then voted upon, and was carried by five majority, four Democrats voting for it.

Mr. A. K. Campbell offered the following resolution for the next meeting:

Resolved, That the committee on elections be instructed to report a bill in favor of woman suffrage.

This is a question that ought to bring out the ladies.

The secretary was instructed to notify all members to be present at the next meeting to make arrangements for the trip to Benwood on the 30th inst.

"JIMMY" ROWAN'S TRIAL.

The Jury Could Not Agree, so a New Trial Is Necessary.

James Rowan, of this city, formerly of Steubenville, who was indicted there for receiving stolen goods, stands a good chance of being acquitted of the charge, as the jury, after an all day trial Thursday, and being out all night, was discharged Friday morning, being unable to agree, standing nine for acquittal and three for conviction. Rowan bore up well despite the severe ordeal of cross-examination by Prosecutor Erskine. The case grew out of the burglary of Mossgrove's in the spring of 1893 and the stealing of a cash register.

He will be tried again and stands a good chance of being acquitted then. The judge in his charge held that if Rowan was shielding his brother or others he was guilty, even if he did not intend to keep the register and did return it.

AT FOUR DOLLARS A TON.

The Lower Benwood Puddlers Will Meet This Afternoon.

This afternoon at 2 o'clock the puddlers employed at the lower Benwood plant of the Wheeling Iron and Steel Company will meet in Benwood for the purpose of further considering the recent offer of the president of the company, Mr. Hubbard, to give the \$1 per ton, and it is said that a majority of the workmen desire that the meeting this afternoon shall formally accept the cut. This course is predicted, and the men will probably return to work at the new scale next Tuesday morning.

IN SOCIAL CIRCLES.

Various Enjoyable Events Last Evening in all Parts of Town.

Last evening the Daughters of Liberty of Bellaire came up and paid a social visit to Lady Washington council, of this city, at the latter's hall. There were addresses, music and recitations, followed by very nice refreshments, and the gathering was one of the most enjoyable in the annals of the order. Members of sister councils in the city were present to share in the enjoyment.

Last evening Miss Dora Hubbard entertained the Edna Nove club at her home on South Front street, Island, and a most enjoyable time was had by all.

Mr. Bert Langan and sister, of 2268 Eoff street, will give a masquerade party at their home Tuesday, evening March 27, for which the invitations are out.

The Belvidere social club, of the South Side, will give a select hop at Teutonia hall, on the South side, on the evening of Friday, April 6, and at which Killmeyer will furnish the music.

The well known social organization, the Alert club, will give under its auspices on the evening of the 29th, at its hall on Jacob street, South Side, a ball which is being looked forward to with pleasure.

A coming social event in over-the-creek circles is the concert and ball to be given by the Teutonia singing society, of the South Side, at its hall, corner Jacob and Thirty-third streets, Easter Monday, March 26. Mrs. James Riddle will, as usual, preside at the piano, an assurance that the music will be well taken care of. The following committee has charge of the affair: Henry C. Remke, W. Ritz, Albert Zimmer, Charles Kronjaeger and Joseph Heller.

On account of the death of L. G. Thomas, brother of J. C. Thomas, of the firm of Stone & Thomas, our store will be closed until noon Saturday, March 17.

GRAND opening of New Spring Capes and Jackets to-day by a New York Manufacturer, at GEO. M. SNOOK & CO'S.

READY-MADE CLOTHES—THE HUB CLOTHIERS.

ARE YOU

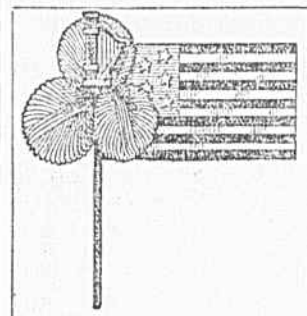

Open to Argument?

Isn't it a significant fact that the converts are all to Ready-Made Clothes? One by one you are understanding more about Ready-made Goodness. The waste of time and money in having clothes made to order is becoming more apparent. We're gaining customers and the tailors are losing them, at ONE-HALF THE COST is a strong argument. Our guarantee to give you satisfaction or give you your money back makes the experiment a safe one for you to try.

If your tailor is to be believed, you're a pitiable deformed mortal. He tries to make you think there is something crude and unfinished about the garments that you can jump right in. That's all bosh. There isn't a custom shop in this city that can turn out any finer suits than we've got on our counters. Now they can't buy any finer fabrics than are used in their construction. They can't trim any more elegantly, make any more carefully, cut any more stylishly, fit any more perfectly than hundreds and hundreds of our Single and Double Breasted Sack Suits, Three or Four Button Frocks, or our Elegant Extra Long Regent Cutaway Frocks and separate Trousers that comprise our immitable stock.

Come in and get a Shamrock Souvenir. Our own and original idea. Nothing like it ever before offered. Every purchaser during this week entitled to one.

The same fashion plate direct our shears as theirs. We keep strictly within the bounds of genteel refined effects, and when we say \$10 00, \$12 00, \$15 00, \$18 00, \$20 00 or \$25 00, we don't wonder it's a strange sound to your ears after the \$25 00, \$30 00, \$35 00 and \$40 00 askings you've been in the habit of hearing, but the only difference is the price. You can't get such clothes made everywhere, though—nowhere else in Wheeling. You can pay more but there isn't our variety nor the same high class work to show for it. They're lacking in fine points that you are used to, but the price is \$5 00 and \$10 00 more than ours. We'll leave it to you. We'll leave it to any impartial judge if better suits can be produced. We're as near the top of perfection as it is possible to get.
